Nature and extent of involvement of faculty and students in academic affairs / improvements:

The institute conducts regular faculty meetings on a periodic basis to understand and assess the quality of academic delivery and identify gaps, if any. These faculty meetings are democratic in nature and all faculty including HODs are free to raise voice and share opinion. This gives a good platform to sharetheir views in terms of curriculum delivery and take corrective measures.

The student feedback is obtained at the end of each semester to get their perspective of the academic delivery. Students are also members of various committees including IQAC. This platform gives good outreach to students to share their perspective regarding curriculum and academic delivery. This also enables the institute to take corrective measures, wherever needed.

The Director and HODs also meet the students on a constant basis formally or informally to get their views on academic delivery at the institute.

Mechanism / norms and procedure for democratic / good governance:

The institute has a very structured approach towards governance with a combination of both top down and bottom up methodologies. While the management formulates the guiding principles that are through the Governing Board, and other regulatory bodies, the faculty and other stakeholders are involved in governing process through various mediums as under:

1) Faculty meetings
2) Staff meetings
3) Meetings of board of studies
4) Meetings of various advisory committees
5) Informal meet on various issues on constant basis

These meetings offer a good platform for the teaching and non-teaching staff to share their views about the governing process. At the end of each year, a mega meeting of all staff members is held to take an overall view of academic / non-academic issues during the year to take remedial measures, if needed.

Grievance Redresseal Mechanism for faculty, staff and students

Grievance redressal committee is formed including Principal, HODs' and teacher's representative who looks into the matters related to grievances of staff and students. Every student has assigned a mentor. Grievances related to academic and non-academic matters are conveyed through them and Head of Institute oversees both the above

processes.

The Institute has formed all statutory committees like Anti Ragging Committee, Internal Complaint Committee to help students and staff.

Establishment of Anti Ragging Committee : Yes

Establishment of Online Grievance Redressal mechanism: Yes

Establishment of Grievance Redressal committee in the Institution and appointment of OMBUDSMAN by the University: YES

Establishment of Internal Complaint Committee (ICC) : YES

Internal Continuous Evaluation system and place

The Institute meticulously plans Continuous Internal Evaluation process in every academic semester. The syllabus scheme of University of Mumbai reflects the continuous assessment in different heads of passing like term work, internal assessment, project work, practical and oral etc. The institute dynamically reforms certain aspects of the Continuous Internal Evaluation based on the heads of passing. Depending on the course, tutorials/practical, assignments or both are conducted at regular intervals and evaluated.
