India is on its way to emerge as the 3rd largest economy in the world and its GDP has been growing at an impressive rate year after year. According to Professor C K Prahlad, the #1 big idea that will define sustainable growth of India in the 21st Century is Relevant Education & Skill Building.

Smart organizations look for skilled and smart thinking students for their early assignments. In order to develop them with “Analytical Mindset & Thinking Abilities”, business schools are required to continuously challenge their paradigm of teaching pedagogy and help students break out of their mindset.

Established in the year 1995, the central purpose of SIES College of Management Studies is to enrich the young minds by stimulating and sustaining a spirit of inquiry, directed at understanding the scientific, technological and cognitive aspects of working in organizations. We undertake activities designed to accelerate critical thinking and thus enlarge the intellectual and creative capacities of its students.

Here every faculty has moved beyond the usual management education pedagogy and instead, uses innovative ways to hone smart decision making abilities of each and every student. With the support, coaching and personalized attention of faculty as Mentors, we provide skills that are needed to solve complex business issues in the current VUCA environments. As we strongly believe in the value of quality and creative education for preparing responsible citizens, our placement record and rankings on diverse platforms as a “Top Business School”, establishes our credentials and reputation. Further, as global competitiveness has become sine qua non for the success for all, including management education, the route taken by us includes optional foreign visits by students.

Besides world class application driven curriculum, which makes liberal use of simulations and cases, the two year AICTE approved MMS and MCA of Mumbai University Programs are full of continuous live projects and internships with leading corporates.

“The best way to predict a future is to create it”, as said by the management guru Peter Drucker. At SIESCOMS we make all possible effort to ensure that every student creates the bright future on the campus itself and walks out with head high on completion of the program.

Dr. Sandeep Bhanot
I/c Director
The South Indian Education Society (SIES) is one of the oldest educational societies in India. Founded in 1932 by Shri M.V. Venkateshwaran with a modest six-student beginning, SIES has grown to become a conglomerate of various institutions with over 15,000 students under its wing. In the process of imparting quality education, SIES has established High Schools, SIES College of Arts, Science and Commerce, SIES College of Management Studies, Centre for Excellence in Management Research and Development (CEMRD), SIES School of Packaging, SIES Indian Institute of Environment and SIES Graduate School of Technology (an Engineering institute). Two ventures of a different nature added to the SIES family are, SIES Sri Chandrasekarendra Saraswathi Veda Pathashala and SIES Seniors’ Home.

And the story of our achievements & Milestones continues...

**WHAT DOES ADMIRATION MEAN?**
A feeling of wonder, pleasure or approval. The act of looking on or contemplating with pleasure. Approval, esteem, regard, affection, veneration, honor, idolization, reverence - synonyms for admiration.

**OUR ADMIRATION SHALL FLOW FROM**
The quality of our efforts in the field of education. The quality – the reach, the expanse and sweep of our academic services. Our respect for ‘Law’ at all times. The creation of an SIES Family where a full family tree would have experienced SIES as students.

**WHAT DOES THAT CONVEY FOR SIES?**
We shall confine ourselves to our core competence i.e., universalising education. We shall redefine the boundaries of our activities beyond Mumbai, Navi Mumbai to India. We need not be ‘BIG’ but shall endeavour to be the ‘BEST’. We shall be ‘Admired’ for our activities in life learning process through ‘Education’. The admiration shall come from all stakeholders – students, staff, society. Our scale of admiration shall be based on the value addition we provide during the student days. We shall ever remain ‘Student centric’ for we have no existence without them.

**THE IDENTITY FOR ANY SIES INSTITUTION**
- A distinct logo within the SIES logo
- A value lab
- An active forum for parents and teachers
- Capitation Free Merit based student enrollment at all levels
- Highest accreditation from a National Agency
- Research unit
